Our Services

Space Planning & Interior Modeling

As the saying goes, the way you are dressed is the way you will be addressed. So also do we believe the way the interior of your residence or commercial buildings speaks volumes about and gives visitors an impression about you.

At Y and T designs we see spaces like a blank sheet which endless possibilities of what can be done with the space.

Be it a space in your residence or in your office,

our team ensures that the space is not just furnished to your taste but we consider your comfort and budget while at it. Our clients wishes are the top priority for us and clients participation is encouraged at all stages during the planning and implementation of any space planning and interior modeling project we handle.

MOVIN

Property Refurbishment & Structural Alterations

Are you thinking of covering a commercial building to a residential building and vice or you want to implement a new design on your building, then you should talk to us.

We have a team of professional designers who will conceptualize your vision and some of the best masons, welders, plumbers, electricians and carpenter that will work tirelessly to ensure that

the design is actualized. Every engagement is treated as a project and we use our superior project management skills to ensure the project is delivered as scheduled and at the lowest cost possible without compromising quality. Our goal is to take the stress of managing the refurbishments off you and allow you to literally sleep with both eyes closed.

Design Consultancy

The success of any design project is totally dependent on how well the clients vision is captured and transformed into reality. At Y and T designs we understand design is both a skill and an art.

We work closely with our clients till they are satisfied. We ensure you leave any of our design consultants happy and with a 2D or 3D print out of your design.
